

# TOMMASO GNONE

TECHNICAL ARTIST and  
GRAPHICS DEVELOPER

## PORTFOLIO

[tommaso-g.github.io/Portfolio](https://tommaso-g.github.io/Portfolio)

## CONTACT/INFO

+39 392 6889198  
tommaso.gnone@gmail.com  
Genova, Italia  
Born 23/09/2000

## TECHNICAL SKILLS

### Programming

C++, C#, Python, Java

### Real-Time & 3D

Unity, VR, Blender, OpenGL,  
Unreal Engine (basics)

### VFX & Post-Production

Nuke, After Effects, DaVinci  
Resolve, Photoshop

### AI & Workflow

PyTorch/OpenCV, Generative AI,  
pipeline automation

## LANGUAGES

Italian — Native  
English — Advanced (B2 IELTS)

## SOFT SKILLS

- Hybrid tech & art mindset
- Public speaking & broadcasting
- Problem solving & optimisation

## PROFILE

**Technical Artist and Graphics Developer** with a Computer Science background and an MSc in Cinema and Media Engineering. Experienced in Unity, VR, 3D content, VFX and interactive digital products, with a strong interest in optimising production workflows and pipelines.

## EXPERIENCE & UNIVERSITY PROJECTS

### Technical Artist & Graphics Programmer

2023 – 2026

*Politecnico di Torino (academic and team projects)*

- **Unity & real-time:** development of interactive experiences and gameplay systems in C#, covering interactions, physics, animation and performance optimisation.
- **3D Animation & VFX:** asset modelling and animation in Blender, animated shorts and commercials with compositing in Nuke and After Effects.
- **MSc Thesis — Adaptive VR System for Fire-Safety Training:** VR fire-evacuation environment built in Unity, with training content tailored to learning-style models and a Python pipeline for statistical analysis of the experimental data.

*Further projects (machine learning, video editing, C++/OpenGL graphics engines) are available on the portfolio.*

### Digital Content Creator & Media Specialist

2025 – 2026

*Policumbent (Politecnico di Torino student team)*

- Visual content, motion graphics and video editing for high-speed vehicle engineering projects, plus social strategies to increase sponsor visibility.

### Web Radio Host & Audio/Video Producer

2024 – 2025

*OndeQuadre (official web radio of Politecnico di Torino)*

- Hosting and producing weekly technology shows: recording, guest interviews and podcast distribution.
- Post-production and video editing for talks presented at the Turin Technology Biennial.

## EDUCATION

### MSc in Cinema and Media Engineering

2023 – 2026

*Politecnico di Torino — 110/110 cum laude*

Computer graphics, real-time rendering, VFX compositing, VR/AR environments, digital storytelling.

### BSc in Computer Science

2019 – 2023

*University of Genoa*

Software engineering, data structures, algorithms, OOP, low-level programming.
